Globacom Nigeria
1, Mike Adenuga Close,
Off Adeola Odeku Street,
Victoria Island, Lagos.
Nigeria.

TO WHOM IT MAY CONCERN:

Please be informed that Africa's Talking Ltd is an authorized aggregator of SMS traffic for CyberNexus Technologies.

Kindly register NexGuard as the sender ID with Glo Nigeria to ensure delivery of our SMS notifications to recipients in Nigeria.

CyberNexus Technologies is an emergency safety technology company and needs to send SMS related to emergency alert transactions. Examples are included below:

1. Emergency panic alert sent to a registered emergency contact:

Example: "NEXGUARD ALERT: Your contact Jane Doe has triggered an emergency panic. Location: <https://maps.google.com/?q=9.0570,7.5134> - Please respond immediately."

2. Follow-up alert if no response is received from first contact:

Example: "NEXGUARD ALERT: John Smith has triggered a panic alert. Live GPS location: <https://maps.google.com/?q=9.0570,7.5134> - This is an automated emergency notification."

SMSES described above are essential to the emergency response process, to ensure that the correct individuals are notified when a user is in danger. The SMS messages are automated, solicited by the device owner at the time of app setup, and are for transactional emergency notification purposes only.

We hereby state that we will not use this platform to send unsolicited and illegitimate SMSs.

We thank you for your support.

CYBERNEXUS GUARD TECH

Name: Joshua Shanabo Z
